

2021 MINISTRY IMPACT AT-A-GLANCE

PLEASE CONSIDER
HELPING US MEET OUR

2022

BUDGET GOAL OF \$300,000

\$40k Discipleship:

Help! I'm Raising Fatherless Kids Podcast - We believe this is God's next step in bringing hope to the widow and fatherless, leading them to look to God as Father.

Special Events - We desire to be intentional about encouraging mothers raising fatherless children. We are also thrilled about our first luncheon to launch Hope Gatherings for widows in the metro-Atlanta area.

\$75k Encouragement:

WidowLife Magazine - We are writing and publishing magazines for strategic points in a widow's grief journey, providing hope, encouragement, inspiration, and practical tips on the widow life.

Comfort and Care boxes - boxes that will accompany the WidowLife Magazine. They will include thoughtful gifts arriving just when the widow needs to be reminded that she has not been left alone.

Seasonal remembrances - provide emotional support during the holidays (Valentine's Day, Mother's and Father's Day, Easter, Fall, and at Christmas), reminding widows that they have not been forgotten.

\$35k Evangelism:

Communication and interaction sharing the Gospel and praying the Lord would bring widows and the fatherless to put their trust in Him.

\$150k Growth:

God is leading us in a variety of ways to keep up with the increase in ministry. We are excited that God opened the door to reach widows internationally in 2021. We pray that He will continue to expand our borders.

"I am overwhelmed by your love and care for me! Perspective Ministries is a gracious giver and I am learning to be a gracious receiver. Is there any end to the depth of the love you show to widows? My family and friends know of how special this ministry is because of all of the wonderful ways you have helped me so far."

-Betty

"I started crying when I opened your gift because I felt remembered and seen. I felt like God saved this message so I could feel his love tangibly. God reminded me that I am not alone; He is with me. I showed my son the card and the check and asked him what was written on the memo line. I opened up my Bible and read to him "God is a father to the fatherless, a defender of widows." I shared that even though I am worried and scared, God will defend me. He is providing this gift. He is protecting our family. He is your Heavenly Father that loves you no matter what. He is always with us. I shared with him that the timing was on purpose - God uses things like that to show His love for us. My anxious heart calmed."

-Melissa

"I received the precious, absolutely beautiful gift at the perfect time as I had been in a very low place.

Perspective Ministries' timing was perfect and I know God worked through your kindness to me. It is so indescribable and will help me navigate my heartache and grief. Thank you."

-Shay

"You have no idea how timely the gift was from Perspective Ministries. It has been a crazy few months with two kitchen ceiling leaks and a car accident. They were only able to fix part of the car and then today it broke down on my way home from school and then, I opened the mail. I mean...

God's timing and your Perspective Ministries' tender heart. Thank you so very much!"

-Tara

"I received a beautiful handkerchief and book this week! When I saw the handkerchief I started crying. This touched my heart so much! I know that you truly understand what I'm going through! No one else does!"

-Ingrid

HAPPY NEW YEAR!

God has been good in leading us to build a strong foundation of care for the widow and fatherless. He is always faithful to make provisions for every detail. He is also creative and full of wonderful ways to show His compassion and care.

Your partnership with Perspective Ministries has allowed us to meet 2,317 practical, emotional, and spiritual needs of the widow and fatherless in 2021.

We met emotional needs by remembering the widow on her birthday and sending cards, offering hope at tender times and encouraging her to place her trust in God.

We met practical needs by providing meals, home maintenance, fatherless camp supplies, scholarships, and tutoring.

A highlight this year was watching God connect a widow with dental needs with a dentist desiring to bless widows with her services. We also experienced an enthusiastic and generous response to our first practical need alert to replace a roof for a widow in need. God promises to accomplish what concerns us (Psalm 138:8)!

Care of the widow and her fatherless children doesn't happen without YOU.

Thank you for your continued support in 2022. We believe our greatest days are ahead!
